DIGITAL
DUPLICATOR
VR-231

**AN ECONOMICAL WAY TO
DEVELOP YOUR BUSINESS**

◎ Inductive operation panel
◎ PC connection
◎ High speed print
◎ Environment friendly

GRAB HOLD OF **RONGDA**
## HOTTEST&UNBEATABLE *VR-231*

Versatility

It has a wide range of paper weights from 40–120 gsm and 500 sheets feeding tray volume. What's more, the VR–231 is compatible with a wide range of applications due to its 300 x 400 dpi resolution, PC connection and so on.

Sparkle:

Economical and easy operation can meet all basic operations.

Low–cost, High–quality Printing

The more printers you make with one master, the lower cost of those prints. VR-231 digital duplicator print at a rapid speed up to 120 pages per minute. Whether you're a school, an office or a commercial operation such as a print shop, you'll find it's the ideal printer for all your jobs.

VR–231 Duplicator vs. Copier Cost Comparison

VR–231 Duplicator

Copier Per Original

PC Connection

Equip standard USB interface, is a perfect printer. High–speed computer connect function save your time and improve the working efficiency.

Computer → Printer → Pr.document → Scan. mastermaking.print → Out put

Traditional method: 4 processes, need operator beside the machine to participate, which cost a long time

Computer → Scan. mastermaking.print → Out put

- Time saving
- High efficiency
- Excellent quality

It takes 2 procedures, operator can finish all the jobs by clicking the computer and the panel.

Environment friendly

There's no energy–intensive heater, which means no warm–up time and there's a user–programmable sleep mode (Option) which puts the printer into low–power hibernation after a set period with no operation.

VR–231 SPECIFICATIONS HOST

Model	VR–231	Paper receiving capacity	800sheet s(60gsm)
Operation mode	Touch–sensitive operation panel	Printing speed	5 selections (50, 70, 85, 105, 120ppm)
Scanning mode	Document feed in scan	Print density adjustment	5 levels(Lighter, light, normal, dark, darker)
Original type	Sheet	Print position adjustment	Vertical : ± 10mm
First copy time	Approx.: 39S	Master eject box capacity	10 sheets
Resolution	300dpi x 400dpi	Other function	Master–masking density adjustment, Computer
Original size (min/max)	100mmx148mm– 257mm x 364mm		connectivity, automatic shutdown (Optional),
Scanning area (max)	206mmx293mm(A4)		energy save(Optional)
Paper size	100mm x 148mm –297mm x 420mm	Power supply	220V–240VAC,50/60Hz, 13W–100W
Master size	220mm x 463mm	Dimension(D x W x H)	Using: 1200mm*620mm*500mm
Paper weight	40gsm–120 gsm		Storage: 707mm*707mm*735mm
Paper feed capacity	500sheets (70gsm)	Weight	GW: 81KG Net: 70 kg
